WHAT ABOUT BOB?

I am honored and humbled to be nominated for the Secretary position for the Florida Puerto Rico District of the Institute of Transportation Engineers (FLPRITE). For those who do not know me, I was raised in Hollywood, Florida, and obtained my Civil Engineering degree from the University of Miami. My background includes over 35 years in the transportation engineering industry, primarily based in Tampa where I raised my family. I had the privilege working in, and for, both the public and private sectors and I am currently a senior project manager/consultant for Kimley-Horn while also maintaining membership with the Greater Tampa Section ITE.

WHAT MAKES BOB TICK?

If elected as Secretary, I will bring three major attributes to this role that I am most passionate about. I call them my three Cs: 1) **Commitment**; 2) **Cooperation**; and 3) **Compassion**. My commitment to ITE has always been centered around serving others, "paying it forward" as the phrase goes, and is reflected in the **last 10 years serving the District. During this time, I have supported the District Board in various roles, including Chair of the Transportation Planning & Mobility Council and have been part of the decision-making process for the Board and understand the issues facing us.** In addition, I have been privileged to work closely with other professional organizations over the past 10 years by mutually co-sponsoring some of our conferences and meetings. Finally, my compassion lies toward the wonderful people who make up this great organization. **To me, our members are part of my family, with different personalities and strengths, but together, charting a course for the best of us.** As a family member, I try to inject positivity and understanding to all our members I meet and genuinely get to know them regardless of standing in our organization. For everyone is important as we strive to be One ITE.

In closing, my ongoing and extensive experience with the District Board and my continued commitment to ITE makes me job-ready to assume the role of Secretary immediately. I greatly appreciate your vote as we decide the future of FLPRITE. If you would like to know more about me, please do not hesitate to contact me directly.
