

GATOR ITE
University of Florida ITE Student Chapter

We are Gator ITE, the University of Florida ITE student Chapter, and we are happy to invite you to Gainesville, Florida for two exciting events.

Some facts about our chapter:

- Founded in 1981
- Oldest and largest district 10 ITE Student Chapter
- 2013 Traffic Bowl Champions

1 ITE District 10 (FSITE) Winter Workshop

Partnering with ITE District 10, Gator ITE hosts 2018 Florida Section ITE winter workshop on February 9th, 2018 on UF campus. Target audience includes traffic engineers and transportation planners from the public and private sectors alike, especially those looking to invite talented graduates in their organizations. The Professional development hours (PDH) earned through attending these two events can be used to fulfill continuing education requirements for renewal of the PE license and AICP certification.

Registration Deadline: January 25th

ITE Student Leadership Summit (ITE-SLS)

2

GATOR ITE is excited to announce that we will host the first annual ITE Student Leadership Summit (ITE-SLS) in District 10. You are invited to attend this event - created by students for students - alongside key leaders from transportation academia and industry. The GATOR ITE-SLS helps refine the leadership skills and strengthen the professional networks of those who attend through seminars, interactive workshops, team-building activities with transportation engineering students from the U.S. and ITE District 10 and other activities.

This event provides transportation engineering students and young professionals from across the U.S. an opportunity to meet and work with leaders in the field through seminars, workshops, panels and activities. Together, let's grow our profession and pave the road to future success.
