

**ITE Student Leadership Summit (ITE-SLS) & FSITE Winter Workshop 2018
SPONSORSHIP OPPORTUNITY**

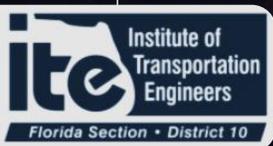

GATOR ITE, the University of Florida ITE Student Chapter, is excited to host the first annual ITE Student Leadership Summit (ITE-SLS) in ITE District 10. The GATOR ITE-SLS - created by students for students - helps cultivate leadership skills and strengthen professional networks of those who attend; through interactive seminars, great team-building activities, and networking with talented transportation engineering students from all over the country.

Partnering with ITE District 10, Gator ITE hosts the 2018 Florida Section ITE winter workshop on February 9th, 2018 on UF campus. Target audience includes traffic engineers and transportation planners from the public and private sectors alike, especially those looking to invite talented graduates in their organizations. The Professional development hours (PDH) earned by attending these two events can be used to fulfill continuing education requirements for renewal of the PE license and AICP certification.

To make this event successful and memorable for students, we rely on your sponsorship! Your tax-exempt sponsorship pledge is a direct and bold investment in the career trajectory of over 150 students and young professionals attending this event.

Please visit our website at www.GATORITE.com, select your desired sponsorship tier, and make a big impact by supporting the future generation of transportation engineers today! For further information please contact us via email or the phone numbers provided below.
