ANATOMY OF A TRAFFIC SIGNAL
TECHNICAL WORKSHOP

OCTOBER 26, 2026
1:30 P.M.

COST: FREE

LOCATION:
PELICAN ROOM
(Second floor of the conference area)

Anatomy of a Traffic Signal is a technical workshop presented by the Florida Department of Transportation (FDOT) District 4 Traffic Operations Engineer and the Palm Beach County Engineering & Public Works Department Signal and ITS System Manager.

The session covers core signalized intersection components, introduces signal timing basics, and reviews Advanced Transportation Controller (ATC) capabilities with a focus on Commander versus Series 900 functionality.

WORKSHOP HIGHLIGHTS

- Core signalized intersection components
- Signal timing basics
- ATC controllers: Commander vs. Series 900
- Queue management & preemption recovery
- Transit Signal Priority strategies
- Field visit to a nearby signalized intersection
