Subject: **Sponsorship Opportunities for TRANSPO 2016**

Dear Fellow Transportation Professional:

TRANSPO 2016, Florida's biggest transportation planning and engineering event, will be held November 13 through 16, 2016, at the Hilton West Palm Beach. This year's event is co-sponsored by the Intelligent Transportation Society of Florida (ITS Florida), the Florida Section of the Institute of Transportation Engineers (FSITE), and the South Florida Chapter of the Womens' Transportation Seminar (WTS), bringing together a wide cross-section of transportation professionals like yourself.

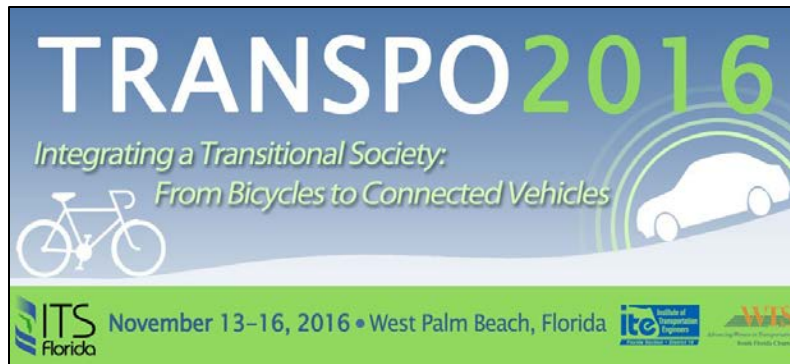

This year's theme is **"Integrating a Transitional Society: From Bicycles to Connected Vehicles."** TRANSPO 2016 will challenge participants to master traditional domains like traffic engineering, while considering the future impacts of connected and automated vehicles and how ITS, pedestrians, and bicycles all fit together and complement each other in advancing TSM&O. An exhibit hall will allow participants to meet vendors and see the latest in technology for our field. The professional development hours earned by attending the technical sessions can be used to fulfill continuing education requirements for renewal of the PE license and AICP certification. More information on TRANSPO 2016 can be found at the event website: [Transpo 2016 Website](#).

A major event like this cannot occur without the generous support of corporate sponsors like you. Attached is a flyer describing a variety of sponsorship opportunities, ranging from the overall meeting to the golf tournament and including a number of logo handouts as well. We encourage you to become a sponsor; for more information, or to sign up, please contact me at your earliest convenience!

Sincerely,

Peter J. Yauch, P.E., PTOE, FITE
